

TIE DOWNS & CARGO BARRIER BRACKETS

Jotto-Cargo Slide Accessories
410-9887 and 410-9888

TIE DOWNS

- Adjustable Tie Downs (Set of 4) provide secure rope tie location for any job.
- Easy to install - just slide into an existing track on Jotto-Cargo Slide & tighten where you need it.

CARGO BARRIER BRACKETS WITH TIE DOWNS

- Cargo Barrier Brackets (set of 2) can be used as Tie Downs and/or with 2x4 or 1x6 lumber to create a load divider for your cargo.
- Easy to install - just slide into an existing track on Jotto-Cargo Slide and tighten where you need it.
- When used as load divider, simply screw barrier to both brackets (with existing screw holes - one bracket on each side of slide).
- Can also be used with "S" hooks to further customize.

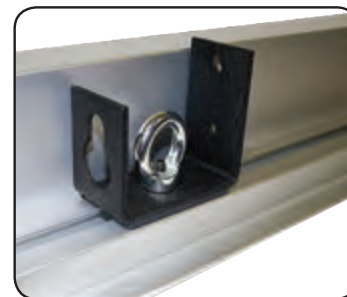

Cargo Barrier Brackets with Tie Downs
(Set of 2)
410-9888

Easy installation - Both the Tie Downs and the Cargo Barrier Brackets are designed to use an existing location on slide as mounting point.
